

## Healthy Mother Merry Children Happy Home

TO maintain a happy home the housewife must keep in good health. Her duties are many and various, and it seems as if every other member of the family depended very much on her. "Where is my hat?" cries the boy. "What did you do with my coat?" asks the daughter. "I can't find any handkerchiefs," yells the husband. The housewife is usually the advisor and general manager of the family.

Lydia E. Pinkham's Vegetable Compound helps women to maintain a happy home by keeping them in good health.

Bloomington, Ill.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and it has done me a wonderful sight of good. I was never very strong and female trouble kept me weak so that I had no interest for my housework. I had such a back-ache I could not cook a meal or clean up a room without raging with pain. I would rub my back with alcohol and it would ease for a few hours, but after I had taken three bottles of Vegetable Compound my aches began to gradually leave me. Now I am as strong and healthy as any woman and I give my thanks to Lydia E. Pinkham's Vegetable Compound for my health."—Mrs. J. A. McQuitty, 610 W. Walnut St., Bloomington, Ill.

Dante, So. Dakota.—"I would have pains and cramps every month until I could hardly stand and could not do my work at all at that time and often had to go to bed. I went to a physician, but he did not do me much good and said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in the newspaper and thought I would give it a trial. Now I feel lots better and don't have to give up and go to bed, and can do all my work. You may use these facts as a testimonial, and I will answer with pleasure all letters I receive, and you may be sure I will praise your wonderful medicine."—Mrs. ARTHUR J. KADE, Box 71, Dante, South Dakota.

### STOWE

Benson-Valliquette Wedding at Community Church.

Walter F. Benson of Morrisville and Mrs. Renee Valliquette of New York City were married at the Community church in Stowe by Rev. C. E. Hayward. The party were accompanied by the bride's sister, Mrs. William Whyte, and two children of Montreal. Mrs. Whyte gave the bride away. Nat R. Barrows of Stowe acted as best man. Mrs. James Brownlee of Montpelier played the wedding march. A. C. Oakes was among those present. Mr. and Mrs. Benson and Mrs. Whyte and children are passing a few days at the Green Mountain inn. Mr. Benson is a native of Stowe and passed his life here until about ten years ago, when he went to Morrisville to live. He was engaged in business here in the firm of Oakes and Benson for several years and was employed at Miles, McMahon & Son's store during the winter two years ago. He has been employed as clerk for several summers at the Vesper house at Old Orchard, Me., and made Mrs. Benson's acquaintance there. Mrs. Benson was formerly trained nurse.

The subject of the pastor's sermon at the Sunday morning service was "Modern Scientific Christianity." A harvest service will be carried out next Sunday in connection with rally day for church and Sunday school. The members of Mansfield Mountain grange have been invited to attend in a body.

An afternoon tea and social will be given to the shut-ins and older ladies of the parish at the church parlors from 2 to 4 Tuesday afternoon. The women of Mrs. G. M. Culver's class will act as hostesses. All are cordially invited. Those unable to walk will be called for if they will notify Mr. Hayward.

Seventy-five children of the Sunday school were given a candy pull at the church Saturday afternoon by the girls of the Pollyanna club. The "True Blue" girls assisted in entertaining the chil-

dren, who had a merry time on the church lawn, where the candy pulling was done. The Pollyanna club has about \$25 to its credit from selling home-made candy during the summer. Fourteen of the "True Blue" girls and their teacher, Mrs. Alice Lovejoy, enjoyed a party recently at the home of Miss Alice Godfrey. Games were played and refreshments were served.

Visitors at Smugglers' Notch Sunday afternoon found the road through the notch blocked at a point about 20 rods beyond the height of land by a mass of rocks, trees and earth that had come down in a landslide from the heights above, loosened, it is supposed, by the recent rains. It is said that the slide was witnessed by a road patrol from the Cambridge side. A considerable number of cars were obliged to return from the Notch the same way they went in as the road will be impassable until the obstruction is removed.

Rev. G. R. Brush of Hardwick conducted an Episcopal mission service at the M. E. church Sunday morning. Holy communion was observed.

The demonstration meeting of the farm bureau has been postponed until Oct. 29 so that the teachers who are members can attend. Dress patterns will be demonstrated and dress forms made.

Mr. and Mrs. C. A. Tomlinson, Mrs. R. A. Wells and Miss Brenda Bennett attended the annual meeting of the Lamotte county farm bureau at Hyde Park Friday.

Mr. and Mrs. W. A. Aldrich spent Sunday with their son and family in Warren.

James Blair of Warren is a visitor at C. A. Tomlinson's.

A week-end family gathering of 14 at the home of Mrs. Cornelia McCuen included Mrs. McCuen's sister, Miss Duran of Roxbury, Mass., and children, Mr. and Mrs. C. E. McCuen and daughter of Melrose, Mass., Mr. and Mrs. Fay McCuen of Waterbury, Mr. and Mrs. Merrill Powers of Buffalo, N. Y., and Mr. and Mrs. Harry McCuen.

### ONCE UPON A TIME THERE WERE NO DOCTORS!

The Doctor Was Not Much Needed Until Folks  
Began to Break Nature's Laws.

### Doctors Preach Prevention Is Better Than Cure.

Ninety per cent of all disease is preventable, so doctors say. Eat simple food, exercise wisely, sleep sufficiently, and—what is vitally important—make sure of the daily, regular, thorough elimination of body waste, and the chances are nine to one that you will keep well, work efficiently and enjoy life. Bowel elimination of food and tissue waste is all-important. But in case of irregularity, disordered or imperfect action do not make the common mistake of taking harsh, violently acting medicines, with the idea of forcing the bowels to act. Nature believes in mild methods. She responds best to persuasion.

So in selecting a simple remedy to regulate and assure proper bowel action, you should not use harsh or violently acting remedies, no matter how much has been claimed for them. You should choose some well-known, time tested, trial proven remedy, that has made its reputation by being used for many years, by all sorts of people, all over the world. Take Beecham's Pills for example. Beecham's is a household word, has been for many generations. Beecham's Pills is a household remedy, has been for over half a century. People not only take Beecham's but recommend Beecham's to their friends. Their use is handed down from father to son or from mother to daughter, from one generation to another. Did you ever hear any complaint or criticism of Beecham's? Isn't that a pretty powerful endorsement of their worth? Druggists are glad to sell Beecham's.
